CHANGE

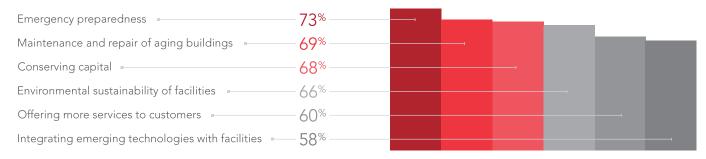

At the **2015 BOMA International** annual conference, attendees participated in a CORT survey evaluating the changing needs and priorities of building owners and managers.

EMERGING TRENDS IN OFFICE WORKER NEEDS

With changing attitudes and new technologies driving the evolution of workplace design, office owners and managers report that they are increasingly being asked to deliver more and more services beyond those of traditional employee needs.

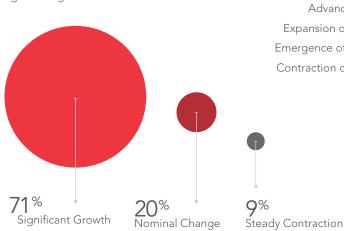

TODAY'S MOST IMPORTANT CHALLENGES

THE FUTURE

The future looks bright, with 71% of respondents predicting steady or significant growth in their market.

Changes in the way people work 36% Advances in workplace technology 35% Expansion of a key industry in your area 28% Emergence of a new industry in your area 14% Contraction of a key industry in your area 10% Increased outsourcing 8%

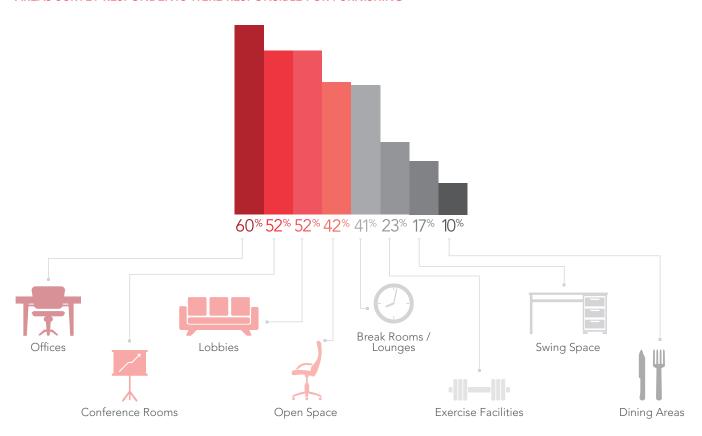

Changing generations in the workforce 40%

FACTORS CURRENTLY AFFECTING THEIR MARKETS
